Editorial

February, where did that go?

I told you it would seem like 5mins and, whoosh, it's gone. February, what's the point? Other than payday seems to come around a tad quicker. Anyway, it's still all about the rain here...nearly 3 months without a dry day, that really is something. Oh, it's just the natural cycle of long-term meteorological fluctuation you say, no it's not, although at least now we are getting some spells of sun, so maybe, just maybe things will dry out a bit.

So, what's been happening? Not an awful lot and still no sign of those 200 Club numbers, but at least Chapel Lake has been drained. This obviously caused a lot of consternation in the village as it inconvenienced many. As I mentioned last month, the responsibility is multi-faceted, but things definitely aren't helped by removing the grate, as one of our readers points out later. A duck pond would be quite nice down there mind.

Another unwelcome result of the bad weather was the continued closure of the Tarka Line, where issues up the line meant that trains couldn't run to and from Exeter to Barnstaple...they could run to and from Exeter to Copplestone, but, for whatever reason that contingency never quite gets put in place. Logistics probably. I'm being polite.

Anyway, March and that means Yeofest, which will be held on Saturday 14th up at the hall. 18 beers, 5 ciders, hot and cold food, music, games, rugby, the usual and, hopefully a large influx of people to the village, so let's hope the weather takes a turn for the better and the trains don't do anything weird.

Cheers...

FROM THE PARISH COUNCIL

REPORTING A PROBLEM WITH ROADS TO DEVON COUNTY COUNCIL

All drivers will be aware that state of repair of roads in Crediton Hamlets Parish is appalling, with more and more potholes (or are they craters?) appearing. The lack of action by Devon County Council is exceedingly frustrating but please report potholes in the hope this makes a difference.

Problems with roads can be reported on the Devon County Council website:
www.devon.gov.uk/roads-and-transport/report-a-problem/

There is a link to this page under "Useful Information" on the Parish Council website
www.creditonhamlets.org.uk.

If the pothole has already been reported please add yourself to the existing report so that Devon County Council is aware that another person has reported the problem.

Rain, relentless rain. Wild storms and flooding occurring all along the Atlantic seaboard, as far down as Morocco. Lives lost, property and roads destroyed. I have to wonder, is this climate change?

January was the wettest since 1968 at Winkleigh weather station. The River Yeo came within 3cm of its highest recorded level in 1996.

2022, 2023 and 2025 are the 3 warmest years on record in the UK. Warm air carries more water and creates bigger storms. It seems likely that our new extreme weather patterns are being driven by climate change and could get worse.

What does this mean for wildlife?

Riverbanks have been lost. Homes for bank voles kingfishers and otters may have been lost. We can but hope the occupants escaped.

Hibernating hedgehogs and snakes may too have been flooded and would probably not wake up in time.

Buzzards, hawks and owls hours of hunting have been really restricted by the rain. Some may well not survive.

Yet not all is gloom. I've seen large flocks of starlings and goldfinches. My garden birds are at pre-winter levels. Trees have taken a beating but not fallen and spring growth is clear to see.

The goldfinches here on Shortacombe Lane have benefitted greatly from the planting of 2 sunflower fields by the Corens last year for gamebird cover. Here's hoping this happens again this year and that other farmers follow.

And finally the Wildlife Log Books have arrived and will be waiting for you to record your observations at The Duck and Holy Trinity Church in Yeoford.

Any observations are welcome not just the rare. To help build a clearer picture of our wild residents and visitors.

Next month I hope I can be out walking and writing about it again.

YEOFORD VILLAGE VOICE FUN QUIZ

Well, it's March, and in Yeoford, that means it's Yeofest, so let's have a beer quiz...

1. Oktoberfest is held in which month in Munich?
2. Within how many days is it recommended cask ale should be sold within once put on sale?
3. Which is the biggest beer drinking nation in the world? (Volume per capita)
4. Which country in the world produces the most beer by volume?
5. What is the UK's current top-selling cask ale, according to Morning Advertiser Drink List, recently overtaking Sharp's Doom Bar?
6. Where and when was beer supposedly accidentally invented?
7. What is the name of the low-alcohol combination of beer and fruit-flavoured sodas, originating in Germany in the 1920s and similar to shandy, that is becoming increasingly popular across Europe...and what does the name mean?
8. Approximately how many pints of beer will be available at Yeofest this year (clue: there's 18 barrels)?
9. What is the name of the device attached to beer pumps, predominately used up north, that controls the texture of the beer and produces a creamy head, but can also mask a beer's poor condition and cause the beer to go flat faster?
10. What is the current CAMRA Champion Beer of Britain (which has appeared at two previous Yeofests)?

Answers below...

Quiz Answers:

1. September; 2. 3 days; 3. China; 4. Czechia; 5. Timothy Taylor's Landlord; 6. Beer was not invented by one specific person, but rather discovered by chance in ancient Mesopotamia (modern-day Iraq) around 6,000-8,000 BC; 7. Radler, which translates to cyclist; 8. 1,296; 9. A sparkler; 10. Penzance Mild

CREDITON HAMLETS PARISH COUNCIL

Following the recent appalling weather it was unsurprising that flooding, drainage overspill, gritting and potholes dominated discussion at the February meeting. In conclusion Cllr Cairney (DCC) undertook to take up the issues raised by Councillors with Head of DCC Highways.

MDDC Councillors notified the meeting of the following events:

- 26 March - Town and Planning Event - 6.00pm to 8.30pm to be held on-line.
- Green Enterprise Grants will be starting from March.
- March MDDC meeting will disclose the on-going planning policy with particular reference to Government housing objectives.

DISPOSAL OF BATTERIES

As a result of fires caused by batteries being put into recycling/wheelie bins MDDC have stipulated that:

BATTERIES (OF ANY SIZE EVEN THE LITTLE ONES) SHOULD NOT BE PLACED IN RECYCLING BOXES OR WASTE WHEELIE-BINS.

INSTEAD:

BATTERY TERMINALS SHOULD BE COVERED IN MASKING TAPE AND THEN BATTERIES SHOULD BE PUT INTO SEALED PLASTIC BAGS AND PLACED ADJACENT BUT OUTSIDE RE-CYCLING BOXES.

PLEASE READ: AIR AMBULANCE

An appeal to all our villagers

If you, your children or anyone you know plays in the recreation ground please always check with them that they have returned the goals to the edge of the field.

This is because the Air Ambulance **CANNOT LAND** if the goals are in the middle of the field.

If you pass the recreation ground or see anybody playing with the goals in the centre, could you please remind them (politely) that they should be returned to the edge after use, or move them back if you find them abandoned like this.

Thank you all for your cooperation.

A Villager Writes...

Stupid Behaviour concerning removing Drain Covers

To the Person that removed the drain cover at Chapel immediately below the Flood Marker Board you have made our situation on the road to Hittisleigh impossible.

For years myself and other kind locals have removed debris successfully without any need to lift covers.

This is the reason we are still massively inconvenienced by your meddling.

Highways should have put signs on North Down Cross to say Road Closed due to Flooding and Station Cross but after reporting that requirement on Monday 2/2/26 I have now witnessed a school service bus reverse near a mile from the flood to North Down where it could turn successfully to go another way, I spent 20 minutes waiting on the Highway number to raise this issue again today Wednesday 4/2/26.

Whoever you are Do Not Do it Again.
